RAJA GOHAR

AI-Specialist

Highly skilled technical lead and AI specialist with extensive expertise in full-stack development and mobile app architecture. Proficient in bridging the gap between complex engineering and user-centric design through UI/UX mastery, while leveraging data-driven business analysis and social media marketing to scale digital products. I am committed to delivering high-quality, end-to-end solutions that align with strategic business goals while maintaining rigorous industry standards and modern best practices.
