RECOMMENDATION LETTER

March 05, 2026

To whom it may concern,

I have known Raja Muhammad Gohar Ali as a student in the Software Engineering Department at Capital University of Science and Technology since February 2024. During my time teaching him, I had numerous opportunities to assess his abilities and performance. He consistently demonstrates a proactive approach to achieving his goals and is always eager to seek clarification when needed.

In general, I found Gohar an unquestionably exceptional student. He has proven himself to have the perseverance, initiative, and intellectual creativity necessary to complete graduate degree. I highly recommend that you consider his application, as he will be a great asset to your program.

If you have any additional inquiries or concerns, you may contact me through the email.

Sincerely,
Dr. Sabeen Masood
Assistant Professor
Software Engineering Department
Capital University of Science and
Technology, Islamabad, Pakistan
